## BOAT HARBOUR, KURNELL SITE REGISTRATION

## **Boat Harbour Beach**

Beach Number: NSWGeneral Beach Hazard Rating: 3/10333 State/RegionBeach Length: 0.15kmNSW Kurnell PostNearby Beaches: Greenhills, SilverCode 2231Beach, Wanda and Bonna Point

Boat Harbour is a curving 150m long, south-facing, beach formed behind a 50m wide break in the 10-15m high sandstone rocks on the southwestern tip of the Kurnell Peninsula. It can only be reached by 4WD, boat or on foot. The narrow entrance lowers waves to less than 1m at the beach, protecting it from winds from NW through to NE, but it is exposed to southerlies. Merries Reef protects it from a NE to SE swell.
